Our Big Give Summer Campaign: 'Changing Lives with Smiles for Children, Ethiopia' is launching on the 1st of July, where your support can have double the impact!

We're excited to launch our 'Smiles for Children' campaign on the 1st of July, focusing on helping to transform the lives of 50 children from disadvantaged areas in Ethiopia. And here's the best part: your donation will go twice as far! Thanks to our generous champions we have £4000 of matched funding, however, if we reach our target of £5000 in donations from you, the big give will contribute a further £1000. Meaning your donations will have an even greater impact.

With your support, these children will receive life-changing cleft lip and palate surgeries, restoring their smiles and providing them with a brighter future. Your contribution will help provide access to surgery, post-operative care, and vital support services for these deserving individuals.

Exciting Highlights from our Impactful Evening at the Golden Tulip Hotel!

In March, our charity ambassador, Meron Beyene, hosted a captivating reception at the esteemed Golden Tulip Hotel in Addis Ababa, Ethiopia. This enchanting evening served as a platform to showcase the transformative work of Project Harar, and we're thrilled to share some of the highlights with you.

A heartfelt thank you goes to the Golden Tulip Hotel for generously providing us with the perfect venue to host this gathering. Their support and contribution played a significant role in making the evening a success.

The evening was attended by a diverse and enthusiastic group of individuals who pledged their support through donations. The funds raised during the event will directly help our cause, enabling us to provide cleft lip and palate surgeries, post-operative care, and essential support services to those in need.

We are humbled by the collective commitment and shared passion demonstrated by our supporters, whose contributions truly make a difference and change the lives of children with cleft conditions across Ethiopia!
